

Living in an Algonkian Village

Inquiry Investigation Worksheet

Read about life in an Algonkian village in the interactive. Take notes to answer the questions in the chart below.

Daily Life and Survival	Environment and Resources	Community and Culture
How did people living in the village gather or grow their food?	Which local plants and animals were most important for survival?	Where did the people gather for special events or meetings?
What tools and materials did they use to build in their village?	How did the community use nearby waterways and forests?	How did the village share stories and pass information to children?
What jobs did different family members do each day?	What beliefs did Algonkian people have about how natural resources were used?	How did village leadership work?
